

Agent Flow in Copilot Studio

Day 08
Agent Flow in Copilot Studio

Agenda

What is Agent Flow?

Agent Flow Vs Power Automate

Licensing for the Agent Flow

Schedule Agent Trigger

Human in Action

Multi Stage Approval

Area	Copilot Agent Flow	Power Automate Cloud Flow
 Primary Purpose	Designed for AI Agents & Autonomous Agents	General-purpose automation
 AI Integration	Native to Copilot agents	Can integrate AI, but not agent-native
 Use Case Focus	Agent-driven interactions	Business process automation
 Connector Scope	Focused on agent use cases	Massive connector ecosystem
 Licensing Model	Included in Copilot Studio license	Per user / Per flow / Premium license
 Sharing	Limited sharing options	Full sharing (co-owner, run-only, etc.)
 Independent Use	Must be used inside agent context	Fully independent product

A blurred background image of a speedometer. The needle is pointing towards the 60 mark. The text 'x1000 rpm' is visible at the bottom left of the speedometer face. The background has a blue-to-orange gradient.
